Official Memorandum.

Dated 26th December 1952.

REVISED PENSION RULES.

No. Fl. (B) 11312-11432—C.R. 32-52-2. There have, late, been many enquiries regarding the option to be ercised in favour of old rules or the Revised Pension ules contained in Notification No. Fl. (B) 7337-7437—R. 32-52-1, dated the 4th October 1952.

2 The concession of opting to the old rules has been extended to those officers in superior service who have been holding permanent pensionable appointments from any day before the 1st day of April 1952.

3 This concession of opting out to the old pension rules, was granted with a view to mitigate any hardships that might be felt by certain officials on the verge of retirement; and the same was not intended for officials with a sufficient length of service who could exercise their option in favour of the Revised Pension Rules, and enjoy the benefit of these Rules.

4 The beneficial feature of the Revised Pension Rules is that, immediately after retirement, an officer is entitled to get a lumpsum cash gratuity in addition to his pension. This cash gratuity is given to him automatically (even without medical examination which is insisted upon in the case of commutation of pension under the Old Pension Rules), and is granted with an intention to benefit him at a critical time when the official will be in need of financial aid.

5 A further benefit in the Scheme is that in the event of death of the officer after retirement, half the pension sanctioned for him at the time of retirement will be granted as "Family Pension" to the person nominated, for the unexpired portion of five years from the date of retirement.

6 In the event of death of the officer while in service, the double benefit of family pension and gratuity is extended to the family of the deceased, if he has put in a service of twenty years and over.

A special benefit under the Revised Pension Rules is that a nomination can be made by all officers completing five years of service for payment of pension and gratuity in favour of one or more members of his family.

In view of the beneficial features of the Revised sion Rules, Government desire to impress on all officers desirability of their exercising their option in favour of new rules, in the paramount interest of their families.

With a view to allowing some time to all officials to ely decide in favour of the New Pension Rules taking o view the several benefits offered thereunder and the tection afforded to the families of officers, *the time limit exercising the option has been extended till* 1st *April* 53.

9 The following are the instances where officials automatically come under the Revised Pension Rules and in such cases a specific declaration by them is not necessary.

(a) All Officials in inferior service.
(b) Officials not holding permanent pensionable appointments from any day before the first day of April 1952.
(c) Officials who may be confirmed hereafter with retrospective effect from a date prior to 1st April 1952.

Officers eligible for exercising the option in favour of the old rules, shall also automatically come under the Revised Pension Rules, if by 1st April 1953 they do not exercise such option in writing, as required by paragraph 9 (ii) of Section VII of the Revised Pension Rules.

10 Priced printed copies of the Revised Pension Rules are available in the Press and the Heads of Departments may obtain copies thereof and guide their subordinates in using their discretion to the exercise of the option within the period now extended.

M. SHAMANNA,
Secretary to Government,
Finance Department.

No. Fl. B. 11310—C.R. 1-52-21. In exercise of the powers conferred by the proviso to Article 309 read with Article 313 of the Constitution of India, the Rajpramukh of Mysore is pleased to make the following further amendments to the Mysore Service Regulations, namely :—

Official Memorandum.

Dated 26th December 1952.

REVISED PENSION RULES.

No. Fl. (B) 11312-11432—C.R. 32-52-2. There have, of late, been many enquiries regarding the option to be exercised in favour of old rules or the Revised Pension Rules contained in Notification No. Fl. (B) 7337-7437—C.R. 32-52-1, dated the 4th October 1952.

2 The concession of opting to the old rules has been extended to those officers in superior service who have been holding permanent pensionable appointments from any day before the 1st day of April 1952.

3 This concession of opting out to the old pension rules, was granted with a view to mitigate any hardships that might be felt by certain officials on the verge of retirement; and the same was not intended for officials with a sufficient length of service who could exercise their option in favour of the Revised Pension Rules, and enjoy the benefit of these Rules.

4 The beneficial feature of the Revised Pension Rules is that, immediately after retirement, an officer is entitled to get a lumpsum cash gratuity in addition to his pension. This cash gratuity is given to him automatically (even without medical examination which is insisted upon in the case of commutation of pension under the Old Pension Rules), and is granted with an intention to benefit him at a critical time when the official will be in need of financial aid.

5 A further benefit in the Scheme is that in the event of death of the officer after retirement, half the pension sanctioned for him at the time of retirement will be granted as "Family Pension" to the person nominated, for the unexpired portion of five years from the date of retirement.

6 In the event of death of the officer while in service, the double benefit of family pension and gratuity is extended to the family of the deceased, if he has put in a service of twenty years and over.

A special benefit under the Revised Pension Rules is that a nomination can be made by all officers completing five years of service for payment of pension and gratuity in favour of one or more members of his family.

7 In view of the beneficial features of the Revised Pension Rules, Government desire to impress on all officers the desirability of their exercising their option in favour of the new rules, in the paramount interest of their families.

8 With a view to allowing some time to all officials to wisely decide in favour of the New Pension Rules taking into view the several benefits offered thereunder and the protection afforded to the families of officers, *the time limit for exercising the option has been extended till* 1st *April* 1953.

9 The following are the instances where officials automatically come under the Revised Pension Rules and in such cases a specific declaration by them is not necessary.

(a) All Officials in inferior service.
(b) Officials not holding permanent pensionable appointments from any day before the first day of April 1952.
(c) Officials who may be confirmed hereafter with retrospective effect from a date prior to 1st April 1952.

Officers eligible for exercising the option in favour of the old rules, shall also automatically come under the Revised Pension Rules, if by 1st April 1953 they do not exercise such option in writing, as required by paragraph 9 (ii) of Section VII of the Revised Pension Rules.

10 Priced printed copies of the Revised Pension Rules are available in the Press and the Heads of Departments may obtain copies thereof and guide their subordinates in using their discretion to the exercise of the option within the period now extended.

REVISED PENSION RULES.

No. Fl. (B) 11312-11432—C.R. 32-52-2. There have, of late, been many enquiries regarding the option to be exercised in favour of old rules or the Revised Pension Rules contained in Notification No. Fl. (B) 7337-7437—C.R. 32-52-1, dated the 4th October 1952.

2 The concession of opting to the old rules has been extended to those officers in superior service who have been holding permanent pensionable appointments from any day before the 1st day of April 1952.

3 This concession of opting out to the old pension rules, was granted with a view to mitigate any hardships that might be felt by certain officials on the verge of retirement; and the same was not intended for officials with a sufficient length of service who could exercise their option in favour of the Revised Pension Rules, and enjoy the benefit of these Rules.

4 The beneficial feature of the Revised Pension Rules is that, immediately after retirement, an officer is entitled to get a lumpsum cash gratuity in addition to his pension. This cash gratuity is given to him automatically (even without medical examination which is insisted upon in the case of commutation of pension under the Old Pension Rules), and is granted with an intention to benefit him at a critical time when the official will be in need of financial aid.

5 A further benefit in the Scheme is that in the event of death of the officer after retirement, half the pension sanctioned for him at the time of retirement will be granted as "Family Pension" to the person nominated, for the unexpired portion of five years from the date of retirement.

6 In the event of death of the officer while in service, the double benefit of family pension and gratuity is extended to the family of the deceased, if he has put in a service of twenty years and over.

A special benefit under the Revised Pension Rules is that a nomination can be made by all officers completing five years of service for payment of pension and gratuity in favour of one or more members of his family.

7 In view of the beneficial features of the Revised Pension Rules, Government desire to impress on all officers the desirability of their exercising their option in favour of the new rules, in the paramount interest of their families.

8 With a view to allowing some time to all officials to wisely decide in favour of the New Pension Rules taking into view the several benefits offered thereunder and the protection afforded to the families of officers, *the time limit for exercising the option has been extended till 1st April 1953.*

9 The following are the instances where officials automatically come under the Revised Pension Rules and in such cases a specific declaration by them is not necessary.

(a) All Officials in inferior service.
(b) Officials not holding permanent pensionable appointments from any day before the first day of April 1952.
(c) Officials who may be confirmed hereafter with retrospective effect from a date prior to 1st April 1952.

Officers eligible for exercising the option in favour of the old rules, shall also automatically come under the Revised Pension Rules, if by 1st April 1953 they do not exercise such option in writing, as required by paragraph 9 (ii) of Section VII of the Revised Pension Rules.

10 Priced printed copies of the Revised Pension Rules are available in the Press and the Heads of Departments may obtain copies thereof and guide their subordinates in using their discretion to the exercise of the option within the period now extended.

PUBLIC NOTICE.

IMPORT TRADE CONTROL.

New Delhi, the 30th January 1953.

Subject :—Import of built-up cars, station wagons and jeeps by passengers coming from abroad.

No. 21. I.T.C. (P.N.)/53. Attention is invited to Ministry of Commerce and Industry Public Notice No. 10-I.T.C. (P.N.)/53, dated the 17th January, 1953, on the above subject notifying the procedure for the import of built-up cars, station wagons and jeeps by passengers coming from abroad. It was provided in paragraphs 3 and 4 of this Public Notice that provisional licences will be issued by the licensing authority in the first instance and these licences will later be confirmed on application by the Indian High Commission/Embassy abroad. Since it is feared that this procedure may prove to be inconvenient and cumbersome, it has been decided that the port authorities, instead of issuing provisional licences should grant import licences in all deserving cases the import licences so issued being subject to

the condition that the licensee owns and uses the car for a period of not less then four months before its shipment to India. Built-up cars will be cleared against these import licences only if the Customs are satisfied that this condition has been fulfilled.

2. In consequence of the above modification, the following deletions may be made from the Public Notice No. 10-I.T.C. (P.N.)/53, dated the 17th January 1953:—

(i) The word 'Provisional' from Para 5.

(ii) Serial No. 10 and the foot-note from the form of application.

3. Foreigners coming to India for the first time or Indian nationals returning to the country after a very long period of absence, who wish to bring a car with them, are advised to send their applications to the Indian High Commission/Embassy in the country concerned.

4. It has also been decided that licences issued for import of motor vehicles by passengers will be subject to the condition that the licensee does not re-sell the car for a period of two years after its import into India irrespective of the currency area from which it is imported.

5. In order that applications for import of built-up cars may be considered on their merits, intending applicants are advised to give full information to prove the need for the car being owned and used by the applicant during his stay abroad, and to show that no remittance of foreign exchange is involved.

K. B. LALL,
Joint Secretary.

Copy of letter No. M.A. Cy. 3533—Res. 7-7 of 53, dated 18th February 1953, from the Currency Officer, Reserve Bank of India, Issue Department, Madras.

Notes defaced with political slogans.

It has recently come to the notice of the Government of India that Currency/Bank notes bearing slogans of a political character have been circulating in certain parts of the country. They have, therefore, drawn attention of the public to the Legal Tender (Inscribed Notes) Ordinance, 1942, and also warned them against using Currency/Bank notes as a vehicle for publicising slogans (such as "Agitate against sales-tax" "Ban Cow Slaughter", "Fight for Linguistic States" etc.,) and against accepting such notes. A copy of the Press Note issued by Government in this connection is enclosed.

2. As under the ordinance referred to above, such notes have ceased to be legal tender and the Reserve Bank is no longer under any obligation to exchange them for other notes or coin, payments for such notes *should be refused by you*, and the tenderers of such notes advised to present their claims to this office.

PRESS NOTE

The attention of the public is drawn to the provisions of the Legal Tender (Inscribed Notes) Ordinance, 1942, under which Currency and Bank notes which bear writings intended to convey or capable of conveying a message of a political character cease to be legal tender and the Reserve Bank of India is not under any obligation to receive or refund the value of such notes or to issue coins/currency notes/bank notes in exchange therefor. The public, are therefore, hereby warned not to use currency and bank notes as a vehicle for publicising any slogan. They should also refuse to accept notes so defaced in order to avoid being involved in financial loss.

J. N. RADHAKRISHNAN,
For *Addl. Asst. Secretary to Government,*
Finance Department.

REGULATIONS AS TO THE PHYSICAL EXAMINATION OF CANDIDATES

[*These regulations which apply to men as well as women candidates are published for their convenience and in order to enable them to ascertain the probability of their coming up to the required physical standards. But it must be clearly understood that the Government of India reserve to themselves an absolute discretion to reject as unfit any candidate whom they may consider, on the report of the Medical Board, to be physically disqualified for any Service and that their discretion is in no respect limited by these regulations. Save as provided in regulation 2 (b) these regulations are intended merely for the guidance of Medical Examiners and are not meant to restrict their discretion in any way. In the case of candidates for appointment to Central (including Railway) Services the Medical Board should include an ophthalmologist familiar with the tests prescribed for Railway Services. A lady doctor will be co-opted as a Member of the Medical Board whenever a woman candidate is to be examined.*]

1. To be passed as fit for appointment a candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the efficient performance of the duties of his appointment.

2. (*a*) In the matter of the correlation of age, height and chest girth of candidates, it is left to the Medical Board to use whatever correlation figures are considered most suitable as a guide in the examination of the candidates.

(*b*) Indian Police Service.

Minimum height ....5′—5″

Relaxable only in case of candidates belonging to races such as Gorkhas, Garhwalis, Assamese Tribals, etc., whose average height is distinctly lower.

Minimum girth of chest when fully expanded.....33″

Minimum expansion.....2″

(*c*) *For Railway Transportation—(Traffic) and Commercial Departments only.*—For all candidates for appointment a minimum height of 5 ft. and a minimum chest measurement of 31 inches (girth when fully expanded with a minimum expansion of 2 inches) are required. These minima are absolute and no Medical Officer or Board has power to waive them.

3. The candidate's height will be measured as follows.—He will remove his shoes and be placed against the standard with his feet together and the weight thrown on the heels and not on the toes or outer

sides of the feet. He will stand erect without rigidity and with the heels, calves, buttocks and shoulders touching the standard; the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be recorded in inches and parts of an inch to quarters.

4. The candidate's chest will be measured as follows.—He will be made to stand erect with his feet together, and to raise his arms over his head. The tape will be so adjusted round the chest that its upper edge touches the inferior angles of the shoulder blades behind and lies in the same horizontal plane when the tape is taken round the chest. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to take a deep inspiration several times and the maximum expansion of the chest will be carefully noted, and the minimum and maximum will then be recorded in inches, 33—35, 34—36½, etc. In recording the measurements, fractions of less than ½ inch should not be noted.

5. The candidate will also be weighed and his weight recorded in pounds. Fractions of a pound should not be noted.

6. The candidate's eye-sight will be tested in accordance with the following rules. The result of each test will be recorded—

(i) *General*—The candidate's eyes will be submitted to a general examination directed to the detection of any disease or abnormality. The candidate will be rejected if he suffers from any squint or morbid conditions of eye, eyelids or contiguous structures, of such a sort as to render, or to be likely at a future date to render him unfit for service.

(ii) *Visual Acuity.*—A—The examination for determining the acuteness of vision includes two tests, one for distant, the other for near vision. Each eye will be examined separately.

Railway T. (T.) and C.D.

The candidate will be examined with the apparatus and according to the method prescribed, by the Railway Board's Standing Advisory Committee of Medical Officers to determine his acuity of vision.

Other Services.

Snellen's test types will be used for the test for distant vision, without glasses at a distance of 20 feet, and for the test for near vision without glasses at any distance selected by the candidate.

B.—No candidate will be accepted whose Visual Acuity falls below the following standards :—

(*a*) INDIAN POLICE SERVICE.

6/12	6/24	6/6	6/9	·6	·8

NOTE.—(i) Myopia in the above standards should not exceed −4 D.

(ii) Manifest Hypermetropia should not exceed +1·5 D.

(iii) In cases with error of refraction above 2 D, Ophthalmoscopic Examination should be conducted to detect any progressive morbid changes of the choroid or retina.

Night Blindness will be a disqualification.

**Temporarily lowered to* 6/60.

(iii) *Colour perception, night blindness and field of vision.*

Railway T. (T.) and C.D.

The candidate will be examined with the apparatus and according to the methods prescribed by the Railway Board's Standing Advisory Committee of Medical Officers. Any defect of colour perception or in regard to field of vision will be a cause for rejection of the candidate. The candidate who under the conditions of the ordinary test for Visual Acuity has 6/6 vision with both eyes open, with or without glasses, will be rejected, if, under the conditions of the Night Blindness Test, his vision with both eyes open, with or without glasses falls below 6/24.

Other Services.

(a) Each eye will be examined separately and the lids must be kept wide open during the test.

(b) Inability to distinguish the principal colours will not be regarded as a cause for rejection but the fact will be noted in the proceedings and the candidates will be informed.

(c) Each eye must have a full field of vision as tested by hand movements.

(iv) The degree of acuteness of vision of all candidates for appointment will be entered in the proceedings in the following manner :—

(A contact glass or lens is defined as a glass shell, the concavity of which is in contact with the globe of the eye, a layer of liquid being interposed between the lens and the cornea. The meaning of the word "glasses" wherever used above is to be interpreted as not covering contact glasses.)

7. The urine (passed in the presence of the examiner) should be examined and the result recorded.

8. The following additional points should be observed :—

(*a*) that the candidates hearing in each ear is good and there is no sign of disease of the ear;

(*e*) that there is no evidence of any abdominal disease ;

(*f*) that he is not ruptured ;

(*g*) that he does not suffer from hydrocele, a severe degree of varicocele, varicose veins or piles ;

(*h*) that his limbs, hands and feet are well formed and developed and that there is free and perfect motion of all his joints ;

(*i*) that he does not suffer from any inveterate skin disease ;

(*j*) that there is no congenital malformation or defect,

(*k*) that he does not bear traces of acute or chronic disease pointing to an impaired constitution ;

(*l*) that he bears marks of efficient vaccination ; and

(*m*) that he is free from communicable disease.

When any defect is found it must be noted in the certificate and the Medical Examiner should state his opinion whether or not it is likely to interfere with the efficient performance of their duties which will be required of the candidate. If the condition is remediable by operation it should be so stated.

NOTE.—Candidates are warned that there is no right of appeal from a Medical Board, special or standing, appointed to determine their fitness for the above Services. If, however, Government are satisfied on the evidence produced to them of the possibility of an error of judgment in the decision of the first Board, it is open to Government to allow an appeal to a second Board.

If any Medical Certificate is produced by a candidate as a piece of evidence about the possibility of an error of judgment in the decision of the first Board, the certificate will not be taken into consideration unless it contains a note by the medical practitioner concerned to the effect that it has been given in full knowledge of the fact that the candidate as already been rejected as unfit for service by a Medical Board.

9. Candidate appointed to the Indian Defence Accounts Service are liable for field service in or out of India. Such candidates must therefore be specifically declared fit for field service before they can be selected for appointment to the Indian Defence Accounts Service.

MEDICAL BOARD'S REPORT.

The following intimation is made for the guidance of the Medical Examiner :—

No person will be deemed qualified for admission to the Public Service who shall not satisfy Government or the appointing authority, as the case may be, that he has no disease, constitutional affection or bodily infirmity unfitting him, or likely to unfit him, for that service.

The Commission desire that it should be understood that the question of fitness involves the future as well as the present and that one of the main objects of Medical Examination is to secure continuous effective service and in the case of candidates for permanent appointment to prevent early pension or payments in case of premature death. It is at the same time to be noted that the question is one of the *likelihood of* continuous effective service and that rejection of a candidate need not be advised on account of the presence of a defect which in only a small proportion of cases is found to interfere with continuous effective service.

4. A candidate who is found to have knowingly furnished any particulars which are false, or to have suppressed material information, will be disqualified and if appointed, will be liable to dismissal.

5. The candidate must send the following documents with the application :—

(i) A Treasury Receipt or CROSSED INDIAN POSTAL ORDERS PAYABLE TO THE SECRETARY, UNION PUBLIC SERVICE COMMISSION for Rs. 81-8-0 (Rs. 19-10-0 in the case of candidates belonging to Scheduled Castes mentioned in Appendix VI and Scheduled Tribes mentioned in Appendix VI-A to the Rules).

(ii) A certificate of age (Original with a copy).

(iii) A certificate of character. (Original with a copy).

(iv) A certificate of educational qualification. (Original with a copy).

Details of the documents mentioned in items (i), (ii), (iii) and (iv) are given below.

Candidates are warned that if the application is incompletely or wrongly filled up or is not accompanied by any of the certificates mentioned in sub-paragraphs (ii), (iii) and (iv) below or by a reasonable explanation of its absence, **it will be summarily rejected and that no appeal against its rejection will be entertained.**

Candidates are further warned that they must submit the documents which they have not sent with their applications and for the absence of which they have given explanation in their applications, as soon after the submission of applications as possible. In any case these must be sent so as to reach the Commission's office one month before the date of commencement of the examination; otherwise their candidature for the examination will be cancelled.

Candidates are also warned that they should in no case tamper with the entries in the documents submitted by them. Candidates found guilty of tampering are liable to be prosecuted in addition to being permanently debarred from Commission's examinations and selections and from employment under Government.

(i) *A Treasury Receipt or Crossed Indian Postal Orders for Rs.* 81-8-0 (Rs. 19-10-0 in the case of candidates belonging to the Scheduled Castes and Scheduled Tribes).—The amount may be deposited in the nearest Government Treasury, or in a branch of the Imperial Bank of India or in a State Treasury authorised to transact business on behalf of Government (Amounts deposited at Bombay, Calcutta, Delhi or Madras should be deposited in the Reserve Bank of India instead of the Imperial Bank of India). The Treasury or Bank should be asked to credit the amount to the Government under the account head "XXXVI Miscellaneous Departments—Examination Fees—Receipts of the Union Public Service Commission". CANDIDATES MUST SEE BY REFERENCE TO THE RULES THAT THEY ARE ELIGIBLE AND MUST DECIDE DEFINITELY TO APPLY BEFORE DEPOSITING THIS FEE IN THE TREASURY. ONCE AN APPLICATION HAS BEEN CONSIDERED BY THE UNION PUBLIC SERVICE COMMISSION, THE FEE WILL NOT ORDINARILY BE REFUNDED NOR WILL IT BE HELD IN RESERVE FOR ANY OTHER EXAMINATION OR SELECTION.

AN APPLICATION NOT ACCOMPANIED BY A TREASURY RECEIPT OR CROSSED INDIAN POSTAL ORDERS FOR Rs. 81-8-0 (Rs. 19-10-0 IN THE CASE OF CANDIDATES BELONGING TO THE SCHEDULED CASTES AND SCHEDULED TRIBES) WILL BE SUMMARILY REJECTED AND NO EXPLANATION FOR INABILITY TO SEND THE TREASURY RECEIPT OR CROSSED INDIAN POSTAL ORDERS WITH THE APPLICATION WILL BE CONSIDERED. THIS DOES NOT APPLY TO DISPLACED PERSONS SEEKING REMISSION OF FEE, *vide* PARAGRAPH 6(ii).

The name of the examination and of the treasury at which the fee is deposited should be clearly entered in the treasury receipt. The treasury receipt should be on the form pertaining to Central Government transactions and should be obtained from the treasury at which the fee is deposited.

NOTE 1.—Candidates who are in the United Kingdom, the United States of America, Canada, Australia, Ceylon, Pakistan, Burma or Malaya at the time of submitting their applications should deposit the amount of their prescribed fee [the equivalent fee of Rs. 81-8-0 (Rs. 19-10-0 in the case of candidates belonging to the Scheduled Castes and Scheduled Tribes)] in the office of India's High Commissioner, Ambassador or Representative, as the case may be, in that country and forward the receipt from that office.

NOTE 2.—Cash or cheques will not be accepted by the Union Public Service Commission.

NOTE 3.—All Postal Orders should bear the signature of the issuing Postmaster and the clear stamp of the issuing Post Office. ALL POSTAL ORDERS SHOULD BE **crossed** AND MADE PAYABLE TO SECRETARY, UNION PUBLIC SERVICE COMMISSION AT NEW DELHI POST OFFICE and in no case will Postal Orders payable at any other Post Office be accepted. Defaced or Mutilated postal orders will also not be accepted.

(ii) *Evidence of age.*—The only proof of age ordinarily accepted by the Commission is the age or date of birth entered in the Matriculation Certificate or in the Secondary School Leaving Certificate or in a certificate recognised by an Indian University as equivalent to Matriculation, or in an extract from a Register of Matriculates maintained by a university, which extract must be certified by the proper authority of the University. The expression "Matriculation Certificate" in this part of the instructions must be understood as including these alternative certificates.

Candidates will thus understand that the Matriculation Certificate is required in all cases as evidence of age, and it must invariably be sent to the Commission *in original with a copy* thereof together with the application.

Sometimes the Matriculation Certificate only shows the age by completed years or completed years and months. In such cases the candidate must send *in addition to the Matriculation Certificate*, an original certificate together with a copy thereof from the Headmaster of the High School which he/she first attended showing the date of his/her birth or his/her exact age as recorded in the school admission register. An Anglo-Indian or an Indian Christian should send his/her original baptismal or birth registration certificate together with a copy thereof instead of the headmaster's certificate.

A candidate who has passed the Matriculation or equivalent examination as a private student must submit in addition to the Matriculation or equivalent certificate, a certificate from the Headmaster of the School which he/she first attended showing the date of his/her birth or his/her exact age as recorded in the school admission register. If no school was ever attended, a statement to that effect should be made against column 16(a) of the application form. The application of a private student who can produce no evidence in support of the age stated in Matriculation Certificate may be rejected.

Candidates are warned that unless complete proof of age in the form laid down in these instructions is sent with an application, the application may be rejected and the candidate disqualified for admission to the examination. Further they are warned that if the date of birth stated in the application is inconsistent with the age shown in the Matriculation Certificate and no explanation is offered, the application may be rejected [*vide* Note (4) below].

NOTE 1.—A candidate who holds a completed Secondary School Leaving Certificate need submit with the original a copy of only the page containing entries relating to age.

NOTE 2.—A transfer certificate from a School or College will not be accepted as evidence of age.

NOTE 3.—The age and nationality certificate issued by some State authorities is not required.

NOTE 4.—Ordinarily, the Commission do not accept a date of birth other than that proved or supported by the Matriculation Certificate. If they do so, they require not only convincing proof of the date claimed but also a satisfactory explanation of the incorrect entry in the Matriculation Certificate. When once a date of birth has been claimed and accepted by the Commission for the purpose of admission to an examination, no change will be allowed at a subsequent examination. Candidates who wish to challenge the entry of their age in a Matriculation Certificate must do so at the first opportunity. In such cases, a candidate must send direct to the Union Public Service Commission all the evidence on which he/she bases his/her claim together with his/her application.

NOTE 5.—Displaced persons, who have lost their original Matriculation Certificates in Pakistan, should obtain duplicate certificates from the University concerned. If they are unable to obtain the duplicate Matriculation Certificate from the University, they should submit an extract from the University Gazette in which their results were published showing their date of birth and certified by the Registrar or the Headmaster.

(iii) A certificate of character in original together with a copy thereof, from some person in authority (*e.g.*, Principal, Proctor, Dean, etc.) at an educational institution which the candidate is attending or has attended for at least one year during the three years immediately preceding the date of his/her application.

The Signatory of the certificate should give his/her designation in full.

NOTE 1.—Candidates who have not attended any educational institution for at least one academic year within three years of the submission of their applications may submit a certificate of character, *in original with a copy thereof*, from a Gazetted Officer in service.

NOTE 2.—Only one Certificate of character is required.

(iv) *Certificate of Educational Qualifications.*—An original certificate or diploma (with a copy thereof) showing that the candidate has one of the qualifications prescribed in the Rules. The certificate submitted must be one issued by the Authority (*i.e.*, University or other examining body) awarding the particular qualification. If such a certificate or diploma is not submitted, the candidate must explain its absence, and submit such other evidence (in original) as he/she can to support his/her claim to the requisite qualifications. The Commission will consider this evidence on its merits but do not bind themselves to accept it as sufficient.

NOTE.—Candidates who have appeared at an examination the passing of which would render them eligible to appear at the examination but have not been informed of the result, may apply for admission to the examination. RULES FOR THE GRANT OF SCHOLARSHIPS TO CHILDREN AND DEPENDANTS OF SOLDIERS FROM THE FUNDS OF THE MYSORE SOLDIERS' BOARD.

The scholarships shall be granted to deserving cases of children and dependants of soldiers who are studying in Schools and Colleges. The eligibility of Scholarships is dependant on the following conditions:

2. Persons eligible for concessions—Children, wives and direct dependant-brothers and sisters of the following personnel are eligible for the concessions:—

(i) Persons of Mysorean domicile or birth who served in the Defence Services during the War of 1939-46 in the ranks including Non-combatants but excluding Commissioned Officers of the Mysore State Forces, who served under the Crown during the recent war.

(ii) I. N. A. Personnel who went over from the Indian Armed Forces to the I. N. A.

(iii) Indian Pioneer Force Personnel enrolled under the Indian Army Act.

NOTE.—(1) "Children" include adopted children where the personal law recognizes the validity of the adoption. In the case of adopted children, legal documentary evidence should be produced. The adoption deed should have been executed at the time of adoption and not at the time of applying for the concessions. The adoption of daughters will not be valid except in rare cases and where concessions are proposed on behalf of an adopted daughter, the matter shall be decided by the head of the institution concerned.

(2) "Brothers" and "Sisters" also include step-brothers and step-sisters and half-brothers and half-sisters.

(3) To establish "dependence" on a member of the Defence services personnel referred to above, the father of the student concerned or other head of the family concerned should prove that the soldier was remitting money by money order or by family allotment.

3. Nature of Scholarships.—(1) A limited number of scholarships will be granted for students studynig in Middle Schools, High Schools and Colleges (arts and professional) for a period of 8 months every year, commencing from 1st July. 4. Conditions for the grant of Scholarships:—

(i) In all cases the soldier or officer with reference to whom the concessions are claimed should have had at least six months' approved military service. In deserving cases, a shorter period may also be admitted.

This condition as to approved military service will apply also to members of the Indian Navy and the Indian Air Force. More recruitment to these two services does not confer on their children or other dependants eligibility for concessions.

(ii) The soldiers concerned should have rendered at least six months' approved military service with liability to serve overseas in a theatre of war between 3rd September 1939 and 31st August 1946.

(iii) Children and dependants of soldiers whose present emoluments exceed Rs. 200 per mensem are not eligible for the concessions.

(iv) Children and dependants of soldiers or officers who have been killed or permanently incapacitated will not be denied the concessions by reason of the emoluments exceeding Rs. 200 per mensem if their financial circumstances make the grant necessary.

5. (i) Applications from persons studying in Middle Schools and High Schools should be forwarded through the institution in which the pupils are studying in the Form prescribed under Annexure A to these Rules, not later than 1st September of every year to the Director of Public Instruction who will scrutinise them and make recommendations to the Mysore Soldiers' Board once a year before 1st October of each year.

(ii) The applications from students from various Colleges should be forwarded in the Form prescribed under Annexure A to the Rules, not later than 1st September of every year to the Registrar, Mysore University, who will collect them and forward them with the opinion of the Vice-Chancellor to the Mysore Soldiers' Board before 1st October of each year.

(iii) Applications received after that date will not be taken into consideration.

(iv) The Mysore Soldiers' Board will then consider the recommendations and place the amount approved by the Board at the disposal of the Director of Public Instruction and the Registrar of the University for disposal.

6. Claims for Scholarships should be supported by the following certificates:—

(*b*) A certificate of recommendation in Form II prescribed under Annexure 'B' to these rules from the Head of the Institution in which the pupil is studying.

7. Scholarships will be withdrawn from those who stay for more than one year in one and the same class; but will be regranted on promotion to the next-higher class. The head of the institution with the approval of the Director of Public Instruction or the Vice-Chancellor as the case may be, may continue the concessions for another year in the same class, where failure to secure promotion is due to extraordinary reasons like illness, change of residence, want of term days due to illness, etc.

8. Scholarships will not be granted or continued where the soldier or officer was discharged from military service by order of court martial or for misconduct or inefficiency or has been declared a deserter and has not been apprehended.

9. Scholarships should also be cancelled for misconduct on the part of the scholarship holder.

LOCAL SELF-GOVERNMENT AND PLANNING SECRETARIAT

Dated 28th August 1953.

No. L.B. 5610—L.B. 54-53-2. The following extract of Part VI (Local Taxation) of the Questionnaire issued by the Taxation Enquiry Commission, Government of India, is published for the information of all concerned.

By Order,

G. V. K. RAO,
Secretary to Government.
Local Self-Government and Planning Departments.

PART VI—LOCAL TAXATION.

185. Do you consider that the system of local taxation in India is generally satisfactory and that the need for improvement is confined to matters of relative detail?

If not, what in your view are its major defects? To what extent are they related—

(*a*) to the framework—constitutional, legal etc.—within which the system operates, or

(*b*) to the actual operation of the system?

If possible, please illustrate your reply by reference to the position as you know it in one or more States. What remedies would you suggest?

186. If the framework is defective, is any part of its inadequacy traceable to the Constitution? Please explain your point of view in some detail. In particular, would you recommend the inclusion in the State List (from which all local taxes are derived) of any taxes which are particularly suitable as items of local taxation, but which do not now figure in that List? Are some of these taxes altogether new taxes or are they included in the Union List? More specifically, have you any comment to make on the recommendation of the Local Finance Enquiry Committee that "terminal taxes on goods or passengers, carried by railway, sea or air" should be transferred from the Union List to the State List?

187. Arising from the foregoing question, what considerations would you take into account in judging the suitability of a particular tax for purposes of local taxation? In so far as a tax suitable in relation to one local body may not be suitable in relation to another, what characteristics of the local body itself, as a tax-authority, would you include among the considerations relevant for the assessment of suitability? Please relate your answer to the different categories of local bodies, *viz.*, broadly:

I. Urban.

A. City Corporations.
B. Municipalities (including Cantonment Boards).

II. Rural.

C. Local Boards.
D. Village Panchayats.

188. Assuming that the State List is or can be made, adequate, is the frame work defective in individual States in the sense that it fails, at important points, to ensure proper devolution, *i.e.*, (in this context) proper transference of tax-power from the State List to local bodies? If so,

please answer Questions 189 to 194 with reference to the actual arrangements for devolution (as they emerge from the sum-total of the relevant State laws, rules, administrative orders and administrative practices) in the particular State or States to which your comment relates.

189. Is there failure to provide for the devolution of one or more suitable taxes upon an appropriate category of local bodies? If so, please give, with reference to each such category, instances of taxes which it would be particularly suitable for that category to levy, but which, for insufficient reasons, it is not empowered to levy.

190. Is there failure to prevent the devolution of unsuitable taxes? In other words, are taxes allowed to be levied which are manifestly unsuitable for levy by the particular category of local bodies? Please give instances.

191. Is there failure to make devolution sufficiently prompt and flexible? For example: Is the procedure dilatory in actual practice? Is specific approval insisted upon where general authorisation would do? Are unnecessary conditions imposed on the power to levy? Please give instances.

192. Is there failure to make devolution sufficiently diversified in relation to the capacity of particular local bodies to exercise particular powers? Thus, do the legislation, regulation and administration, taken together, show inadequate appreciation of the distinction between—

(i) categories of local bodies: a tax-power which may be wholly unsuitable for one category may be very suitable for another;

(ii) degrees of development among local bodies of the same category: *e.g.*, a tax-power not suitable for some village panchayets may be suitable for others.

Please give instances.

193. (*a*) In respect of individual taxes, does the devolution take sufficient account of the exten to which power may be transferred, *e.g.*,—

(i) power to decide whether or not to levy the tax or
(ii) power to decide the rate of levy of the tax; or
(iii) power to assess the tax; or
(iv) power to collect the tax; or
(v) different combinations of the above.

(*b*) In the same connection, is adequate use made of the different conditions which may be attached to the powers mentioned above, *e.g.*,—

(i) condition making the levy of the tax compulsory at a stipulated *minimum rate*;
(ii) condition that the rate of levy shall be subject to a stipulated *maximum*;
(iii) condition to ensure the relative independence of the assessing agency; and
(iv) condition that a particular standard of collection shall be maintained?

(*c*) With the reference to particular taxes and particular categories of local bodies, please give instances, if any, illustrative of the following:—

(i) a power is withheld altogether, though a certain degree of power with, if necessary, certain conditions, might be transferred;
(ii) the degree of power transferred might be higher or lower; and
(iii) the conditions attached might be more restrictive or less restrictive.

194. Is the devolution defective in that there are concurrent and overlapping powers exercisable by the State Government and the local body? Please give instances and explain the disadvantages involved in actual practice.

195. (*a*) Is there, in your opinion, defective co-ordination —fiscal, administrative or other—between particular local taxes and allied State or Central taxes? Please give instances and point out the nature and order of the detrimental effect, if any, on the public or on trade, industry, etc. What remedies would you suggest?

(*b*) Does the lack of co-ordination, in any particular instance, result in unnecessary duplication of staff or other forms of wasteful administration? Does it lead to needless harassment of the tax-payer by different tax-agencies? What remedies would you suggest?

196. Apart from defects traceable to the Constitution (Question 186) or to the legal and other arrangements for devolution in individual States (Questions 188 to 194) or to inadequate co-ordination betweeen the different tax-structures, Central, State and Local (Question 195), are there any other important types of defects in the framework of the system? Please give instances. What remedies would you suggest?

197. Have you any comments to make on the proportion borne by the tax-revenue of different cotegories of local bodies to—

(i) non-tax revenue other than grants-in-aid, and
(ii) grants-in-aid?

198. Do you consider that local bodies fail to make full use of the tax resources available to them? Would you agree that they should use their powers of taxation fully before receiving further grants-in-aid as a means of adding to their resources?

199. If it was necessary to equip local bodies with additional resources beyond their powers of taxation, which of the following alternatives would you prefer and why:—

(i) transfer of additional powers of taxation;
(ii) assignment of a proportion of a tax or taxes collected by the State Government, within the area of a local body, (*a*) with the local body exercising no responsibility in respect of the tax or taxes, (*b*) with the local body exercising responsibility of different degrees, (*e.g.*, for assessment, collection, etc.) in respect of the tax or taxes;
(iii) grants-in-aid?

Please elaborate your answer with reference to the particular taxes you have in view in regard to alternatives (i) and (ii).

200. Since (*a*) lands under non-agricultural use, (*b*) buildings and (*c*) income from both these are subject to taxation by:

(1) the Union—(section 9 of the Income-tax Act).
(2) the States—(non-agricultural assessment and, in some States, urban immovable property tax), and
(3) Local Bodies,

it is sometimes contended that there is multiple taxation of the same source of income and that, in any case, there is need for correlating these different taxes into a more rational system. Do you agree with this view? If so, what scheme would you suggest for the purpose? Would you adopt a uniform basis of valuation for all the taxes concerned, Central, State and Local? What basis would you adopt: the capital value of the property or its annual rental value?

201. If the question of valuation was confined to the levy of urban immovable property tax by States and general property tax by local bodies, what basis would you adopt: capital value or annual rental value? Do you agree with the recommendation of the Local Finance Enquiry Committee that "there should be no change from the well-tried basis of rent to the more or less uncertain basis of capital value", but that where "municipalities are actually adopting capital value as the basis and there is no complaint, that basis may continue"?

202. As regards the urban immovable property tax, the Local Finance Enquiry Committee says in effect that, even though property tax generally should be left to be exploited by local bodies, it would be both expedient and suitable for the Government (i) to levy an urban immovable property tax when a municipality fails to levy a property tax in spite of a statutory obligation to do so or (ii) to continue to levy the tax when a municipality refuses to increase its property tax to the extent the State Government is prepared to reduce its urban immovable property tax. Do you agree with this view? Have you any other comments to make on the urban immovable property tax? If you consider it a suitable form of taxation for the States, what modifications, if any, would you suggest in regard to exemptions, rates of levy, mode of assessment and procedure for collection?

203. What principles would you recommend for adoption in regard to the general property tax? Would you exempt rental values below a particular level? How would you deal with the properties of owner-occupiers or of charitable or

educational trusts or of co-operative housing societies? What remissions, if any, would you give for vacancies? So far as new buildings are concerned, would you recommend exemption for the first few years after construction, with a view to encouraging house-building?

204. Should property tax be progressive? If so, how and to what extent?

205. What categories of local bodies should be empowered to levy property tax? What should be the extent of the power in each case, and what conditions, if any, should be attached to the exercise of the power?

206. Have you any suggestions to make in regard to the administrative machinery and procedure for the assessment and collection of the property tax in relation to the different categories of local bodies?

207. In so far as certain taxes usually known as "service taxes"—*e.g.*, water, lighting, drainage and conservancy taxes—are levied along with, and on the same basis as, the general property tax by certain local bodies, what suggestions, if any, would you make in regard to the rates of levy, collection etc., of these taxes? Have you any comments to make regarding property and service taxes *vis-a-vis* port trust properties, railway properties, other properties of the Central Government and properties of State Governments?

208. Do you consider that the system of local fund cesses (*viz.*, cesses on land revenue, collected by the revenue administration and handed over to local bodies) is satisfactory in its operation? If not, what alterations, if any, would you suggest? Please deal with local boards and village panchayats separately, and specify the individual State or States to which your reply relates. In particular:

(i) Are minimum and/or maximum rates of levy laid down? Are they, in your opinion, either too high or too low?

(ii) To what extent are the cesses ear-marked for different purposes (*e.g.*, Road cess, Education cess, etc.,)? Would you extend orcurtail the system of ear-marking? Should there be a general cess in addition to ear-marked cesses? In what circumstances?

(iii) To what extent do suspensions and remissions of land revenue affect the collection of the cesses? Have you any suggestions to make in this connectio ?

(iv) Please deal with any special problems connected with local fund cesses in—

(*a*) Part B and Part C States,

(*b*) areas in which Zamindaris are newly abolished.

209. Please state your views on the relative merits of octroi and terminal tax, in one or more of the forms in which they prevail in different parts of the country, from the stand-point of—

(i) the local body concerned: *e.g.*, revenue derived and, in comparison with it, cost of collection, size and complexity of administration, scope for evasion, etc.;

(ii) the person who pays the tax: certainty as to amount payable and convenience of collection; and

(iii) the trade, the consumer etc., : incidence and effects of incidence, in so far as these can be broadly assessed.

Are octroi and terminal tax mutually exclusive systems, or would it be permissible and desirable, in certain circumstances, to combine the two systems?

On an examination of the relative merits of (*a*) octroi (*b*) terminal tax and (*c*) any desirable form of combination of the two, which particular alternative would you recommend for general adoption by local bodies? Do any constitutional or legal difficulties stand in the way of implementing your suggestions?

210. Does your examination lead to the conclusion that both octroi and terminal taxes are unsuitable as forms of local taxation and should, therefore, be abolished? If so, what substitutes would you recommend? Do you consider the suggestion that local bodies should be allowed to levy surcharges on sales tax feasible and desirable?

211. If your suggestions involve certain modifications in the prevailing forms of octroi or terminal tax, what are the changes you would recommend?

212. What rates of levy, exemptions, procedure for collection and for refunds and arrangements, if any, for "bonding" would you suggest?

213. Should the basis of assessment for octroi be *ad valorem* or by weight, etc.? How would you provide against procedural delays and difficulties?

214. Would an extension of the nationalisation of motor transport make it possible to adopt a simpler and more effective system of terminal taxes on goods transported by road?

215. Have you any suggestions to make in regard to the better correlation of octroi or terminal tax with allied forms of State and Central taxation, such as, sales tax, excises and customs?

216. Taxation on goods carried by road is only one of the items covered by entry No. 56 of the State List, *viz.*, "taxes on goods and passengers carried by road or on inland waterways". Have you any comments or suggestions to make in regard to the utilisation of this entry for purposes of local and/or State taxation?

217. Should the "pilgrim tax" levied by certain local bodies be more widely adopted? Do you consider that a suitable form of taxation on the floating population in the bigger cities can be devised?

218. What are your views regarding the desirability and feasibility of a "poll tax" as a form of local and/or State taxation?

219. (*a*) Have you any suggestions, not already covered by your previous answers (*e.g.*, on motor vehicles taxation), to make regarding the levy of taxes on vehicles, animals and boats for purposes of local and/or State taxation?

(*b*) Do you consider tolls a suitable form of local and/or State taxation? In what circumstances?

220. The Local Finance Enquiry Committee recommends that the limit of Rs. 250 placed on profession tax by the Constitution should be raised to Rs. 1,000. Do you agree? Would you recommend the wider adoption of profession tax by local bodies and/or State Governments? Which categories of local bodies may suitably levy it, and with what safeguards? Should the levy be compulsory in certain cases, and if so, at what minimum level? What modifications, if any, would you suggest in the prevailing forms of levy of this tax? What steps would you take for its better correlation with income-tax from the point of view of incidence or for purposes of administration, etc.?

221. Certain local bodies/States levy a "theatre tax" (on each performance, *e.g.*, each cinema show) under entry No. 33 of the State List. This is in addition to the entertainment duty levied by the State Government under entry No. 62 of the State List. What are your views on the suitablity of this tax for more general adoption?

222. Have you any suggestions to make regarding the levy of betterment taxes by different categories or local bodies (*e.g.*, by a municipality in connection with town improvement)?

223. Have you any comments or suggestions to make on any items of local taxation not covered by the foregoing questions?

224. Have you any general suggestions to make regarding the fuller utilisation of their tax resources by different categories of local bodies?

225. Have you any general suggestions to make regarding assessment and collection of taxes by different categories of local bodies with a view to making the administration in this respect more efficient and more economical?

226. What problems, if any, not covered by the foregoing questions, are special to Part B States? Please state how you would deal with them.

227. Have you any comments, not already covered by your answers, to make on recommendations of the Local Finance Enquiry Committee in so far as they are relevant to local taxation?

228. Should provision be made for manual labour being contributed (*a*) as an additional tax or (*b*) in payment or part-payment of an existing tax, to one or more categories of local bodies or to State Governments, in furtherance of specific local development or, generally, of the development programme of the country? What, in your view, are the possibilities and implications of the suggestion?

To

The Collector,
Treasury Department,
Bellary.

Sir,

Subject.—Changes in treasury procedure in Bellary District (excluding Adoni, Alur and Rayadurg taluks) with effect from 1st October 1953.

No. Fl. (R) 3375. I am directed to request that the following instructions be caused to be observed by the treasuries passing to the administrative control of the Government of Mysore with effect from 1st October 1953 :—

(*a*) A list of the officers of Mysore and Andhra States authorised to draw Establishment, Travelling Allowance, Contingent and supply bills and cheques on the treasuries on and after 1st October 1953 will be arranged to be furnished to you by the Accountants General concerned so as to reach you before 1st October 1953.

(*b*) Other claims including those of Gazetted Officers and pensioners may be paid as before with reference to the authorisations on record at the treasuries concerned.

(*c*) The bills may be encashed at the treasuries after the usual scrutiny and with reference to the rules of the Government concerned.

(*d*) Revenue and Receipts remitted to the treasuries may be accepted irrespective of the Government to which they relate.

(*e*) Payments debitable to Mysore State will be classified under the relevant service, debt or remittance head in the State Section. A similar procedure will be followed in the case of revenue and receipts creditable to that State. Receipts and payments on behalf of other States including Andhra and Madras States should be classified under the Suspense head "Inter-State Suspense" in the State Section.

(*f*) Central transactions will be conducted at the treasuries as heretofore unaffected by the change. Transactions adjustable by other than the Accountant General, Mysore, should however be classified under the remittance head concerned.

(*g*) The District Treasury will render its accounts for September 1953 for the composite district to the Accountant General, Madras. The accounts of October 1953 and onwards will be rendered to the Accountant General, Mysore, Bangalore. The Collector/Deputy Commissioner will however continue to comply with the requirements of the Accountant General, Madras, in respect of the trasactions of the composite district prior to October 1953.

(*h*) The transactions of the treasuries during October 1953 may be classified and compiled at the District Treasury as at present. The first and second lists of payments may also be prepared as heretofore but in the Mysore Forms and sent to the Accountant General, Mysore, Bangalore. The transactions under Service and Capital heads need not however be classified under minor and detailed heads as is being done at present. In the monthly account to be sent to the Accountant General, Mysore, (printed forms of which will be supplied to the treasury separately) only totals by major heads may be shown in the case of such heads. Information of the several returns to be rendered to the Accountant General and the due dates thereof can be seen on a reference to the Mysore Treasury Code, copy of which will be supplied to you shortly.

(*i*) In regard to the claims against Government of the composite District coming up for settlement after 30th September 1953 the debit should be taken to the Mysore State only if the liability is specifically attributable to areas transferred to the control of the State. In other cases the debit will be taken against the State concerned under the Suspense head "Inter-State Suspense" doubtful cases being referred to this Government, in the Finance Department for a decision.

(*j*) The changes in classification to be adopted in the treasury accounts in the State section on and after 1st October 1953 will be intimated shortly. The Taluk and District Treasuries may be instructed to see that the revised classifications are noted correctly on all challans and bills relating to Mysore Government Departments. The relevant entries on challans and vouchers may be attested by the treasury Head Accountant in token thereof during October 1953.

(*k*) In regard to day to day record of treasury transactions, the following changes will come into force in the District and Taluk Treasuries from *1st November 1953* :—

In lieu of the present arrangement of having separate subsidiary registers for a few important transactions and the day book in respect of others, subsidiary registers will be written up for all transactions—one for each major head in the case of Revenue and Service heads and one for each head in the case of Debt and Remittance heads.

The daily totals from the subsidiary registers will pass into the cash book either directly or through a register of daily totals. All the subsidiary registers will be written up with carbon so that the copies to be sent to the Accountant General and the Departmental Officers may get ready simultaneously. Action is being taken to train half a dozen officials of the District Treasury at the State Huzur Treasury, Bangalore, in October 1953 so as to enable the Mysore Treasury procedure being introduced in Bellary District completely with effect from 1st November 1953.

(*l*) In matters not specifically provided for in this or other circulars, the existing procedure may be followed; but in doubtful cases a reference may be made to the Finance Department of this Government if clarification cannot be obtained from the rules given in the Mysore Financial Code Volume-I or the Mysore Treasury Code.

(*m*) The Director, Government Printing, Stationery and Publications, is being requested to supply the stationery, forms, registers and the Copies of the Codes required for the use of treasuries before 26th September 1953.

Yours faithfully,

N. MADHAVA RAO,

Secretary to Government,
Finance Department.

OFFICE MEMORANDUM

Dated the...September 1953.

Subject.—Special selection for posts of Political Officers and Assistant Political Officers for the administration in the North East Frontier Agency.

No. D. 7478-NEF—53.—The Central Government is responsible for the administration of the tribal areas in the North East Frontier Agency. The actual administration is carried on by the Governor of Assam acting as the Agent of the President with the assistance of a number of Political Officers and Assistant Political Officers and other personnel. As explained in Paragraph 5 below, the conditions in these areas are totally different from those in the rest of India including other tribal areas and the work calls for special qualities and aptitudes

2 Vacancies in the posts mentioned below require to be filled without delay.—

(1) One Deputy Adviser and six Political Officers with the rank of Deputy Adviser;

(2) 17 Assistant Political Officers Grade I;

These will be filled from amongst suitable serving officers taken on deputation from the following Services:—

(*a*) the Indian Administrative Service;
(*b*) the Indian Foreign Service;
(*c*) the Indian Police or the Indian Police Service;
(*d*) the Defence Services;
(*e*) the Indian Forest Service.

Some suitable officers may also be selected from—

(*f*) persons who, under the special rules applicable to them, have had to retire from the Forces at a comparatively young age and who are still fit for strenuous service, and are recommended by the Ministry of Defence;

(*g*) suitable young men possessing the required qualities who may be recommended by the Universities as suitable for these posts.

3 *Seniority Required.*—Selection from the existing Services will ordinarily be confined to officers with the minimum service indicated below:—

I—For posts of Deputy Adviser and six Political Officers.

Indian Administrative Service ...	8 to 10 years' seniority.
Indian Foreign Service ...	
Indian Police and Defence Services...	10 to 12 years' seniority.
Indian Forest Service ...	

II—For 17 posts of Assistant Political Officers, Grade I.

Indian Administrative Service ...	3 to 5 years' seniority.
Indian Foreign Service ...	
Indian Police and Defence Services ...	5 to 7 years' seniority.

4 *Terms of service.*—(i) *Basic Pay.*—The Deputy Adviser and six Political Officers will draw their pay in the senior scale of pay of I.A.S. [*i.e.*, Rs. 800 (6th year or under) 50–1,000–60–1,300–50–1,800 (25 years.)]

The Assistant Political Officers Grade I will draw pay in the junior scale of pay of I.A.S. [*i.e.*, Rs. 350–400–450–450–500–540–30–600–EB–30–870–40–950 (19 years)].

Officers from various existing Services will be on deputation for three years in the first instance. The question of extension or permanent absorption will be considered at the end of that period. All the officers will be treated as on trial during the first year of their service. Once an officer is admitted to these scales of pay, he will not during the period of three years' deputation be allowed to claim any right of promotion or increase in emoluments merely because he might have been entitled to this if he had remained in his parent cadre. Revision of pay will only be considered at the time of an officer's permanent absorption, if at all necessary.

(ii) *Special Pay.*—Special pay of 33⅓ per cent of basic pay with a minimum of Rs. 200 and maximum of Rs. 400 per month will be allowed to six Political Officers and 17 Assistant Political Officers with their headquarters in the tribal areas. The Deputy Adviser and other Class I officers at Shillong will be allowed a special pay of Rs. 150 per month only.

All officers in forward areas will be entitled to free furnished accommodation of a simple type on a scale to be decided by the Governor in consultation with the Financial Adviser. Officers with headquarters at Shillong will be allowed house rent allowance as allowed to other Central Government servants stationed at Shillong.

5 *Working Conditions and Qualifications required.*—Service in the North-East Frontier Agency calls for a high degree of physical fitness and the possession of special qualities of initiative, imagination, resourcefulness, and broad sympathy for and understanding of tribal peoples, and interest in the life and customs of primitive tribes. Officers will be required to serve in the forward areas in very difficult conditions, as communications are very poor and social amenities hardly exist. They will be expected to live among the tribes, learn their language, manners and customs and win their confidence and trust. They would also have to co-ordinate the activities of the various

development departments such as Agriculture, Engineering, Health, Education, etc., in those areas. Bachelors or married officers whose wives are also interested in welfare work will be preferred. Married officers with children will not be able to take their children with them to the forward areas but will have to make separate arrangements for their education, etc., at Shillong or elsewhere.

6 Ministries are requested to circulate this Memorandum to all qualified officers serving under them and to forward any applications received along with the confidential rolls of the officers, so as to reach the Foreign Secretary, Ministry of External Affairs, Government of India, New Delhi, by the 15th of October, 1953. It is suggested that applications from officers who possess the necessary qualifications should not ordinarily be withheld as it is important to ensure as wide a choice of officers as possible. The applications will be examined by a Special Selection Board and the applicants considered suitable for interview will receive intimation accordingly. An acknowledgment of this Office Memorandum is requested.

T. N. KAUL,
Joint Secretary.

FINANCIAL SECRETARIAT

Dated 18th September 1953.

No. Fl. (B) 7238—C.R. 4-53-31. In exercise of the powers conferred by the proviso to Article 309 read with Article 313 of the Constitution of India, the Rajpramukh of Mysore is pleased to make the following further amendments to the Mysore Services Regulations, namely,—

In the said Regulations, in Appendix 'H', the following shall be added, namely,—

Circular dated 22nd September 1953.

Subject:—Delay in the sanction of increments due to officers on foreign service, in their grade pay in the Department.

No. Fl. (B) 7259-358—C.R. 11-53-1. According to Article 350 of the Mysore Service Regulations, the leave and pensionary contributions are to be recovered from officers on foreign service at one-fourth of the pay or salary of the officer from time to time. Consequently the rate of leave and pensionary contribution will have to be increased as and when the officers get the increments in the appointments on which they hold a lien in the parent department.

The Accountant General, Mysore, has reported that with a view to see that the increments are sanctioned to officers on the due dates and are communicated to his office so that the leave and pensionary contributions are recovered at higher rates, circular instructions were issued by him in Circular No. 1 P.A.C., dated 15th May 1953. In spite of these instructions, it is reported by him that several Heads of Offices and Departments have not taken action to sanction the increments on the due dates.

Since it is essential that the increments are sanctioned promptly so that the recovery of leave and pensionary contribution are effected at correct rates, the several Heads of Offices and Departments are directed to avoid delays in this regard and to adhere strictly to the instructions laid down in Circular No. 1 P.A.C., dated the 15th May 1953 of the Accountant-General, Mysore.

In the said Regulations, the following shall be substituted for clause (*e*) of Article 504, namely :—

"(*e*) I. Conveyance Allowance is not admissible during leave, either privilege or furlough, taken preparatory to retirement or when a Government servant is asked to take leave pending enquires against him.

II. A portion not exceeding Rs. 45 of an allowance granted on the condition that a motor car or a motor-cycle is maintained may be drawn during privilege leave or deputation if :—

(iv) the Government servant certifies that he continued to maintain the vehicle and incurred the expenditure claimed and that the vehicle was not during that period in use by anybody.

Note.—The maximum allowance for a motor-cycle is however limited to Rs. 10.

Such a certificate is necessary to enable the sanctioning authority to grant or refuse leave "not due", basing his judgment on the medical opinion so furnished.

In the case of Government servants suffering from tuberculosis not admitted to a sanatorium, the medical certificates as above granted by the Medical Officers may be accepted, and in the case of those admitted to a Sanatorium, the certificates granted by the Medical Officer in charge of the Sanatorium may be accepted."

Subject:—Safe custody of nominations executed by Non-Gazetted Government servants in accordance with the Revised Pension Rules.

No. Fl. (B). 9310-510—C.R. 14-53-2. As per clause (viii) of Rule 4 under Section II of the Revised Pension Rules contained in Appendix 'A' of the Mysore Service Regulations, immediately on receipt of a nomination from a non-gazetted Government servant, the Head of the Office shall countersign it indicating the date of receipt and keep it under his custody.

The following subsidiary instructions in respect of the safe custody of such nominations are laid down for the information and guidance of Heads of Offices.

(i) The nominations should not be pasted in the Service Books of the Government servants, but should be kept in the personal custody of the Heads of Offices.

(ii) As the nominations of deceased officers for death *cum* retirement gratuity, etc., serve the same purpose as a will or a testament of the officers concerned, it is necessary that all possible measures should be taken to obviate any chance of their loss, since in case they are lost, it will not be possible to replace them or to settle effectively any dispute that might arise.

(iii) As all claims for death *cum* retirement gratuity and Family Pensions should initiate from the Heads of Offices, it is incumbent on them to scrutinise the legal aspects and settle the claims in connection therewith.

(iv) For the purposes of verification of claims, and authorising payments of pensions and gratuities, copies of the current original nominations certified to be correct by the Heads of Offices, should invariably be attached to the pension papers sent to the Accountant-General, Mysore, by them.

As per clause (viii) of Rule 4 under Section II of the Revised Pension Rules contained in Appendix 'A' of the Mysore Service Regulations, immediately on receipt of a nomination from a non-gazetted Government servant, the Head of the Office shall countersign it indicating the date of receipt and keep it under his custody.

FINANCIAL SECRETARIAT

Dated 14th November 1953

CIRCULAR.

No. Fl. (B). 10901-2100—C.R. 23-53-1. The Accountant General, Mysore, Bangalore, has brought to the notice of Government the following irregularities in regard to the submission of Detailed Contingent bills for amounts drawn by departmental officers on A. C. bills :—

(1) In respect of amounts drawn on Abstract Contingent bills, Detailed Contingent bills are sent to the Audit Office even after a lapse of six months to one year. Such delays in the submission of Detailed Contingent bills in respect of aomunts drawn on Abstract Contingent bills are in contravention of the provisions contained in Article 220, Mysore Financial Code, Volume 1, and should be strictly avoided.

(2) Amounts drawn on Abstract Contingent bills and placed at the disposal of Disbursing Officers are sometimes kept by them in the amanath accounts (outside the treasury balance) for long intervals. This procedure being in contravention of the provisions contained in Article 306, Mysore Financial Code, Volume I, should also be discontinued.

(3) In certain cases, amounts are drawn in lumpsum from the treasury at the fag end of the official year without reference to immediate requirements, apparently with a view to avoid lapse of grant. This is highly irregular and contrary to the provisions contained in Article 190 of the Mysore Financial Code, Volume I, and such an irregular and objectionable procedure should be strictly avoided in future.

Government wish to impress on all Drawing and Disbursing Officers the need for strict adherence to the rules laid down in the Codes and any deviation therefrom leading to irregularities of the kind pointed out above will be viewed seriously and suitable disciplinary action will be enforced. The Heads of Departments to whom such irregularities are brought to notice should take prompt action then and there and see that the officers handling public money realise their responsibility.

F. No. 48 (13) I.T.—53.

New Delhi, the 4th May 1953.

From

Shri K. L. Mittal,
Deputy Secretary to the Government of India.

To

All State Governments except Jammu and Kashmir.

Subject.—Income-tax—Deduction from salaries during 1953-54.

Sir,

I am directed to invite a reference to this Ministry's letters C. No. 48(4) I.T.—51, dated the 16th May 1951, and C. No. 48(3) I.T.—52, dated the 22nd March 1952, on the subject of deduction of income-tax from salaries paid during the year 1952-53. The Finance Act, 1953, has effected no change in the rates and allowances, in so far as they relate to income under the head "Salaries":—

(1) The basic rates of income-tax continue to be as follows :—

	Rate	Surcharge
1. On the first Rs. 1,500 of total income...	Nil	Nil
2. On the next Rs. 3,500 of total income ..	Nine pies in the rupee	One-twentieth of the rate specified in the preceding column.
3. On the next Rs. 5,000 of total income	One anna and nine pies in the rupee.	do
4. On the next Rs. 5,000 of total income ...	Three annas in the rupee.	do
5. On the balance of total income ...	Four annas in the rupee.	do

These rates are subject to the conditions that—

(i) no income-tax shall be payable on a total income which, before deduction of the allowance for earned income, does not exceed Rs. 4,200 ;

(ii) the income-tax payable shall in no case exceed half the amount by which the total income (before deduction of the said allowance for earned income) exceeds Rs. 4,200 ;

(iii) the income-tax payable on the total income as reduced by the allowance for earned income shall not exceed either—

(*a*) a sum bearing to half the amount by which the total income (before deduction of the allowance for earned income) exceeds Rs. 4,200 the same proportion as such reduced total income bears to the unreduced total income ; or

(*b*) the income-tax payable on the income so reduced at the rates specified above whichever is less ;

(iv) (*a*) no surcharge shall be payable on a total income, which before deduction of allowance, if any, for earned income, does not exceed the limit of Rs. 7,200 ;

(*b*) the surcharge payable shall in no case exceed half the amount by which the total income (before deduction of the said allowance, if any, for earned income) exceed the said limit.

(2) The rate of relief for "earned income" is, as before, one-fifth subject to a maximum of Rs. 4,000.

(3) No abatement is to be allowed by the persons responsible for paying the salary in respect of any donations for charitable purposes.

(4) For super-tax purposes, the basic rates prescribed continue to be as below :—

	Rate	Surcharge
1. On the first Rs. 25,000 of total income.	Nil	Nil
2. On the next Rs. 15,000 of total income.	Three annas in the rupee.	One-twentieth of the rate specified in the preceding column.
3. On the next Rs. 15,000 of total income.	Four annas in the rupee.	do
4. On the next Rs. 15,000 of total income.	Six annas in the rupee	do
5. On the next Rs. 15,000 of total income.	Seven annas in the rupee.	do
6. On the next Rs. 15,000 of total income.	Seven and a half annas in the rupee.	do
7. On the next Rs. 50,000 of total income.	Eight annas in the rupee.	do
8. On the balance of total income	Eight and a half annas in the rupee.	do

The distinction between earned and unearned income for charge of super-tax has been abolished from 1st April 1950.

2. As before rebate of *income-tax* on account of insurance premia, provident fund contributions, etc., is admissible up to a maximum of one-sixth of the total income *before* deduction of the allowance for earned income, or Rs. 6,000, whichever is less.

3. The following examples illustrate the manner of calculating the income-tax and super-tax (where due) :—

Example I—

Pay and allowances for the year—Rs. 4,220.

Under the third condition mentioned in para I (*i*) above, the income-tax payable on the total income as reduced by the allowance for earned income shall not exceed either—

(*a*) a sum bearing to half the amount by which the total income (before deduction of the allowance for earned income) exceeds Rs. 4,200 the same proportion as such reduced total income bears to the unreduced total income, or

(*b*) the income-tax payable on the income so reduced at the rates specified, whichever is less.

Tax payable on the basis of (a) above—

		Rs.
Total income (whole of which is being earned from salaries)	...	4,220
Deduct allowance for earned income (one-fifth of 4,220)	...	844
Taxable income	...	3,376

Half the excess over Rs. 4,222=20÷2=Rs. 10.
The proportionate tax payable on Rs. 3,376 would be Rs. 10×3,376/4,220 =Rs 8.

Tax payable on the basis of (b) above.

	Rs.	a.	p.
On the first Rs. 1,500		Nil	
On the next Rs. 1,876 (Rs. 3,376—1,500) at nine pies in the rupee.	87	15	0

In accordance with the condition quoted above, the income-tax actually recoverable in this case is on the basis of (*a*), which works out at a lower figure, *viz.*, Rs. 8 for the whole year.

The maximum rebate for insurance premia, provident fund contributions, etc., in the above example would be on Rs. 703, *i.e.*, one-sixth of Rs. 4,220. The rebate works out at Rs. 8×703/3,376 =Rs. 1-10-0, so that the net tax payable is Rs. 6-6-0.

Example II—

		Rs.
Pay and allowances for the year	... ...	4,400
Deduct allowances for earned income (one-fifth)	...	880
Taxable income	...	3,520

Tax on the basis of (a)—

Half the excess over Rs. 4,200=200÷2=100.
Proportionate tax payable on Rs. 3,520 would be Rs. 100×3,520/4,400= Rs. 80.

Tax on the basis of(b)—

		Rs.	a.	p.
On the first Rs. 1,500	... ...		Nil	
On the next Rs. 2,020	... ...	94	11	0

(No surcharge is leviable in this case.)

In this case, the tax actually recoverable is Rs. 80-0-0 which is lower.

On incomes exceeding Rs. 4,200 but not exceeding Rs. 4,440 the tax on the basis of (*a*) works out at a lower figure and should be adopted, while in the case of incomes exceeding Rs. 4,440 tax should be calculated on the basis of (*b*).

Example III—

		Rs.
Monthly pay and allowance	... ...	600
Yearly income	... ...	7,200
Insurance Premia and Provident Fund Contribution	...	2,000
Total Income	... ...	7,200
Less allowance for earned income (one-fifth)	... ...	1,440
Taxable income	...	5,760

		Rate	Income-tax Rs. a. p.
On the first Rs. 1,500	...	Nil	Nil
On the next Rs. 2,500	...	Nine pies in the rupee	164 1 0
On the next Rs. 760	...	One anna and nine pies in the rupee.	83 2 0
5,760			247 3 0

No surcharge leviable.

The rebate of income-tax in respect of insurance premia, provident fund contributions, etc., is restricted to the income-tax on one-sixth of the total income (before deduction of allowance for earned income). *The deficiency of six annas in surcharge may be added to the deductions to be made in any particular month or in the last month of the year.

Note:—In cases when the total income does not exceed Rs. 20,000 and is wholly earned and where the maximum rebate on a/c of life insurance, provident fund, etc., is admissible, the amount of rebate may be computed by applying the formula that it works at 5/24 of the income-tax and surcharge. Thus, in the above example Income-tax rebate on Rs. 3,260 is 5/24 of 1,810-7-0 = 377-3-0.

Surcharge rebate on Rs. 3,260 is 5/24 of 90-8-0 = 18-14-0.

It should be noted that this simplified calculation will not give correct results and should not be applied in cases other than those of the type mentioned above.

CIRCULAR.

No. Fl. (B). 10901-2100—C.R. 23-53-1. The Accountant General, Mysore, Bangalore, has brought to the notice of Government the following irregularities in regard to the submission of Detailed Contingent bills for amounts drawn by departmental officers on A. C. bills:—

(1) In respect of amounts drawn on Abstract Contingent bills, Detailed Contingent bills are sent to the Audit Office even after a lapse of six months to one year. Such delays in the submission of Detailed Contingent bills in respect of aomunts drawn on Abstract Contingent bills are in contravention of the provisions contained in Article 220, Mysore Financial Code, Volume 1, and should be strictly avoided.

(2) Amounts drawn on Abstract Contingent bills and placed at the disposal of Disbursing Officers are sometimes kept by them in the amanath accounts (outside the treasury balance) for long intervals. This procedure being in contravention of the provisions contained in Article 306, Mysore Financial Code, Volume I, should also be discontinued.

(3) In certain cases, amounts are drawn in lumpsum from the treasury at the fag end of the official year without reference to immediate requirements, apparently with a view to avoid lapse of grant. This is highly irregular and contrary to the provisions contained in Article 190 of the Mysore Financial Code, Volume I, and such an irregular and objectionable procedure should be strictly avoided in future.

Government wish to impress on all Drawing and Disbursing Officers the need for strict adherence to the rules laid down in the Codes and any deviation therefrom leading to irregularities of the kind pointed out above will be viewed seriously and suitable disciplinary action will be enforced. The Heads of Departments to whom such irregularities are brought to notice shonld take prompt action then and there and see that the officers handling public money realise their responsibility.

By Order and in the name of the Rajpramukh,

R. J. REGO,

GOVERNMENT OF INDIA

MINISTRY OF WORKS, HOUSING AND SUPPLY.

Resolution No. Pur. 1-4 (1), dated 20th June 1952.

The Government of India recognise the importance to the national economy of cottage and small-scale industries and the scope they offer for village and co-operative enterprise and for the rehabilitation of displaced persons. The Planning Commission in the draft of the first Five-Year Plan have observed that the Stores Purchase Policy of the Government could be effectively utilised for developing cottage industries and recommended that it should be an object of policy to encourage so far as possible by State purchase, the production and utilisation of cottage industries products. The question of the manner and the extent to which preference should be given to handspun and handwoven materials and other products of cottage and small-scale industries has been under consideration of the Government of India and the following decisions have now been taken:—

(i) Where basic considerations like quality, delivery dates, etc., are comparable, the products of cottage and small-scale industry, will be given preference over products of other manufacturers in purchase for Government requirements.

(ii) In the case of items in which cottage industry has advantages over large-scale industry, or has established itself as a supplier to Government on competitive terms, such preference will extend to orders being placed with cottage and small-scale industry to the fullest possible extent before orders are placed with large-scale industry.

(iii) In the case of other products, a price advantage, and suitable relaxation as regards specifications, which are difficult to attain, will be given on the circumstances and merits of each case.

(iv) All cases in which it has not been possible to give preference to the products of cottage and small-scale industry will be reviewed periodically to ensure that due effect is given to Government's decision.

(v) Preference as regards price should normally be given only to offers made by cottage and small-scale industry through a Co-operative Society or through an agency approved by the Ministry of Commerce and Industry. For the purpose of such approval, Ministry of Commerce and Industry would consult the State Governments and approve if only such agencies as are genuinely interested in the welfare of cottage industry and work on a non-profit making basis.

(vi) Price preference should not be withheld from cottage industry products only for the reason that purchase is made from a middleman if it is clear that such middleman is a traditional employer, *e.g.*, a Master Weaver or a Master Cobbler.

Letter No. CS 4-A—Reg.—P-282, dated 17th July 1953, received from the Director General of Supplies and Disposals, Government of India, New Delhi, to the Director of Industries and Commerce in Mysore, Bangalore.

Subject :—Encouraging utilisation of Cottage Industries products in State purchases of stores—registration of Firms/Units engaged in Cottage Industry on the list of 'Approved Contractors' of the Directorate General of Supplies and Disposals, Government of India, New Delhi.

In inviting attention to Government of India, Ministry of Works, Housing and Supply Resolution No. Pur-1. 4(I), dated 20th June 1952, laying down the policy which the Ceneral Government propose to follow with a view to developing Cottage Industries by utilising their products for Government requirements, I have the honour to state that the views and comments of the Directors of Industries of the various State Governments on the procedure to be followed in registering Cottage and Small Scale Industries for the purpose of handling Government demands were called for by the Government of India, *vide* Ministry of Commerce and Industry (Cottage Industries Directorate) Letter No. Cot. 62—51, dated 17th June 1952. The replies received in response to the above letter have been duly considered by the Ministries of Commerce and Industry and Works, Housing and Supply in consultation with this Directorate General which is responsible for procurement of all stores required by the Central Government and such of the State Governments, quasi-public bodies, etc., as desire to effect their purchases through this organisation. It has accordingly been decided that the following procedure shall be followed for the registration of Cottage and Small Scale Industry Units/Firms as 'Approved Contractors' to this Directorate General:—

(*a*) The Cottage and Small Scale Industry units seeking registration with D.G.S. & D. should apply for this purpose on the prescribed form which is obtainable from the Cash Branch of this office on payment of Rs. 5 and such requests should be routed through the State Director of Industries concerned.

(*b*) On receipt of a fee of Rs. 5 a copy of the application form together with necessary enclosures will be sent to the firm/unit for completion and return to this office *through* the State Director of Industries concerned. Firms/Units will be required to submit a copy of their forwarding letter under which they submit their application to the State Director of Industries, to this office along with necessary forms duly completed. On receipt of this intimation this office will request the Inspection Wing of this Directorate General to arrange inspection of the premises/factories of the applicant firms/units in conjunction with the representative of the State Director of Industries and local representative of the Directorate General's Inspectorate concerned. The joint inspection will not be compulsory but will be undertaken where feasible. In the case of firms/units in Jammu and Kashmir State, however, it has been decided that inspection would be arranged by the State Director of Industries as there is no Inspection Unit of this Directorate General anywhere near the area. In cases where joint inspection is not possible the reports received from the State authorities will in the first instance be thoroughly scrutinised in the Inspection Wing of this Directorate General and an Inspector will later on be deputed by the Inspection Wing for joint inspection, if considered necessary.

(*e*) The State Director of Industries will recommend the application only in those cases where, in addition to the firms/units manufacturing capacity, he is fully satisfied about the financial soundness of the firm/unit applying for registration on the list of 'Approved Contractors' of the Directorate General. While forwarding firm's application with his recommendation, he will also certify that the firm's financial standing has been verified and that the firm/unit is found to be financially sound and in a position to undertake manufacture of the stores for which registration is sought, for Government requirements. Wherever possible the Directors of Industries will forward particulars as to the financial position of such firms/units including their capital outlay, bank balance, etc., so as to avoid the possibility of this Directorate General registering firms who subsequently prove to be quite incapable of undertaking contracts and making supplies thereby causing avoidable loss to Government.

(*d*) The Cottage and Small Scale Industry Units and firms will be required to produce 'Income-tax Clearance Certificate' duly countersigned by the Income-Tax Authorities of the area/State concerned.

2. The above procedure will come into force with immediate effect and the same will be reviewed, if necessary, after it has been in force for sometime.

NOTIFICATIONS BY GOVERNMENT

FINANCIAL SECRETARIAT

Dated 14th November 1953

CIRCULAR.

No. Fl. (B). 10901-2100—C.R. 23-53-1. The Accountant General, Mysore, Bangalore, has brought to the notice of Government the following irregularities in regard to the submission of Detailed Contingent bills for amounts drawn by departmental officers on A. C. bills :—

(1) In respect of amounts drawn on Abstract Contingent bills, Detailed Contingent bills are sent to the Audit Office even after a lapse of six months to one year. Such delays in the submission of Detailed Contingent bills in respect of aomunts drawn on Abstract Contingent bills are in contravention of the provisions contained in Article 220, Mysore Financial Code, Volume 1, and should be strictly avoided.

(2) Amounts drawn on Abstract Contingent bills and placed at the disposal of Disbursing Officers are sometimes kept by them in the amanath accounts (outside the treasury balance) for long intervals. This procedure being in contravention of the provisions contained in Article 306, Mysore Financial Code, Volume I, should also be discontinued.

(3) In certain cases, amounts are drawn in lumpsum from the treasury at the fag end of the official year without reference to immediate requirements, apparently with a view to avoid lapse of grant. This is highly irregular and contrary to the provisions contained in Article 190 of the Mysore Financial Code, Volume I, and such an irregular and objectionable procedure should be strictly avoided in future.

Government wish to impress on all Drawing and Disbursing Officers the need for strict adherence to the rules laid down in the Codes and any deviation therefrom leading to irregularities of the kind pointed out above will be viewed seriously and suitable disciplinary action will be enforced. The Heads of Departments to whom such irregularities are brought to notice shonld take prompt action then and there and see that the officers handling public money realise their responsibility.

DEVELOPMENT SECRETARIAT

Notification dated 30th November 1953.

No. C. & D. 2866-67. The following communications issued by the Government of India, Ministry of Works, Housing and Supply, are published for the information of the public.

1. Resolution No. Pur. 1-4 (1), dated 20th June 1952 of the Government of India, Ministry of Works, Housing and Supply.

2. Letter No. C.S. 4-A/Reg.—P-282, dated 17th July 1953, from the Director-General of Supplies and Disposals, Government of India, to the Director of Industries and Commerce in Mysore, Bangalore, with lists of articles in demand and which can be manufactured by Cottage and Small-scale Industries.

By Order and in the name of the Rajpramukh,

R. J. REGO,

Secretary to Government,
Development Department.

GOVERNMENT OF INDIA

MINISTRY OF WORKS, HOUSING AND SUPPLY.

Resolution No. Pur. 1-4 (1), dated 20th June 1952.

The Government of India recognise the importance to the national economy of cottage and small-scale industries and the scope they offer for village and co-operative enterprise and for the rehabilitation of displaced persons. The Planning Commission in the draft of the first Five-Year Plan have observed that the Stores Purchase Policy of the Government could be effectively utilised for developing cottage industries and recommended that it should be an object of policy to encourage so far as possible by State purchase, the production and utilisation of cottage industries products. The question of the manner and the extent to which preference should be given to handspun and handwoven materials and other products of cottage and small-scale industries has been under consideration of the Government of India and the following decisions have now been taken :—

(i) Where basic considerations like quality, delivery dates, etc., are comparable, the products of cottage and small-scale industry, will be given preference over products of other manufacturers in purchase for Government requirements.

(ii) In the case of items in which cottage industry has advantages over large-scale industry, or has established itself as a supplier to Government on competitive terms, such preference will extend to orders being placed with cottage and small-scale industry to the fullest possible extent before orders are placed with large-scale industry.

(iii) In the case of other products, a price advantage, and suitable relaxation as regards specifications, which are difficult to attain, will be given on the circumstances and merits of each case.

(iv) All cases in which it has not been possible to give preference to the products of cottage and small-scale industry will be reviewed periodically to ensure that due effect is given to Government's decision.

(v) Preference as regards price should normally be given only to offers made by cottage and small-scale industry through a Co-operative Society or through an agency approved by the Ministry of Commerce and Industry. For the purpose of such approval, Ministry of Commerce and Industry would consult the State Governments and approve if only such agencies as are genuinely interested in the welfare of cottage industry and work on a non-profit making basis.

(vi) Price preference should not be withheld from cottage industry products only for the reason that purchase is made from a middleman if it is clear that such middleman is a traditional employer, *e.g.*, a Master Weaver or a Master Cobbler.

Letter No. CS 4-A—Reg.—P-282, dated 17th July 1953, received from the Director General of Supplies and Disposals, Government of India, New Delhi, to the Director of Industries and Commerce in Mysore, Bangalore.

Subject :—Encouraging utilisation of Cottage Industries products in State purchases of stores—registration of Firms/Units engaged in Cottage Industry on the list of 'Approved Contractors' of the Directorate General of Supplies and Disposals, Government of India, New Delhi.

In inviting attention to Government of India, Ministry of Works, Housing and Supply Resolution No. Pur-1. 4(I), dated 20th June 1952, laying down the policy which the General Government propose to follow with a view to developing Cottage Industries by utilising their products for Government requirements, I have the honour to state that the views and comments of the Directors of Industries of the various State Governments on the procedure to be followed in registering Cottage and Small Scale Industries for the purpose of handling Government demands were called for by the Government of India, *vide* Ministry of Commerce and Industry (Cottage Industries Directorate) Letter No. Cot. 62—51, dated 17th June 1952. The replies received in response to the above letter have been duly considered by the Ministries of Commerce and Industry and Works, Housing and Supply in consultation with this Directorate General which is responsible for procurement of all stores required by the Central Government and such

of the State Governments, quasi-public bodies, etc., as desire to effect their purchases through this organisation. It has accordingly been decided that the following procedure shall be followed for the registration of Cottage and Small Scale Industry Units/Firms as 'Approved Contractors' to this Directorate General :—

(*a*) The Cottage and Small Scale Industry units seeking registration with D.G.S. & D. should apply for this purpose on the prescribed form which is obtainable from the Cash Branch of this office on payment of Rs. 5 and such requests should be routed through the State Director of Industries concerned.

(*b*) On receipt of a fee of Rs. 5 a copy of the application form together with necessary enclosures will be sent to the firm/unit for completion and return to this office *through* the State Director of Industries concerned. Firms/Units will be required to submit a copy of their forwarding letter under which they submit their application to the State Director of Industries, to this office along with necessary forms duly completed. On receipt of this intimation this office will request the Inspection Wing of this Directorate General to arrange inspection of the premises/factories of the applicant firms/units in conjunction with the representative of the State Director of Industries and local representative of the Directorate General's Inspectorate concerned. The joint inspection will not be compulsory but will be undertaken where feasible. In the case of firms/units in Jammu and Kashmir State, however, it has been decided that inspection would be arranged by the State Director of Industries as there is no Inspection Unit of this Directorate General anywhere near the area. In cases where joint inspection is not possible the reports received from the State authorities will in the first instance be thoroughly scrutinised in the Inspection Wing of this Directorate General and an Inspector will later on be deputed by the Inspection Wing for joint inspection, if considered necessary.

(*c*) The State Director of Industries will recommend the application only in those cases where, in addition to the firms/units manufacturing capacity, he is fully satisfied about the financial soundness of the firm/unit applying for registration on the list of 'Approved Contractors' of the Directorate General. While forwarding firm's application with his recommendation, he will also certify that the firm's financial standing has been verified and that the firm/unit is found to be financially sound and in a position to undertake manufacture of the stores for which registration is sought, for Government requirements. Wherever possible the Directors of Industries will forward particulars as to the financial position of such firms/units including their capital outlay, bank balance, etc., so as to avoid the possibility of this Directorate General registering firms who subsequently prove to be quite incapable of undertaking contracts and making supplies thereby causing avoidable loss to Government.

(*d*) The Cottage and Small Scale Industry Units and firms will be required to produce 'Income-tax Clearance Certificate' duly countersigned by the Income-Tax Authorities of the area/State concerned.

2. The above procedure will come into force with immediate effect and the same will be reviewed, if necessary, after it has been in force for sometime.

GOVERNMENT OF INDIA

MINISTRY OF WORKS, HOUSING AND SUPPLY.

Resolution No. Pur. 1-4 (1), dated 20th June 1952.

The Government of India recognise the importance to the national economy of cottage and small-scale industries and the scope they offer for village and co-operative enterprise and for the rehabilitation of displaced persons. The Planning Commission in the draft of the first Five-Year Plan have observed that the Stores Purchase Policy of the Government could be effectively utilised for developing cottage industries and recommended that it should be an object of policy to encourage so far as possible by State purchase, the production and utilisation of cottage industries products. The question of the manner and the extent to which preference should be given to handspun and handwoven materials and other products of cottage and small-scale industries has been under consideration of the Government of India and the following decisions have now been taken:—

(i) Where basic considerations like quality, delivery dates, etc., are comparable, the products of cottage and small-scale industry, will be given preference over products of other manufacturers in purchase for Government requirements.

(ii) In the case of items in which cottage industry has advantages over large-scale industry, or has established itself as a supplier to Government on competitive terms, such preference will extend to orders being placed with cottage and small-scale industry to the fullest possible extent before orders are placed with large-scale industry.

(iii) In the case of other products, a price advantage, and suitable relaxation as regards specifications, which are difficult to attain, will be given on the circumstances and merits of each case.

(iv) All cases in which it has not been possible to give preference to the products of cottage and small-scale industry will be reviewed periodically to ensure that due effect is given to Government's decision.

(v) Preference as regards price should normally be given only to offers made by cottage and small-scale industry through a Co-operative Society or through an agency approved by the Ministry of Commerce and Industry. For the purpose of such approval, Ministry of Commerce and Industry would consult the State Governments and approve if only such agencies as are genuinely interested in the welfare of cottage industry and work on a non-profit making basis.

(vi) Price preference should not be withheld from cottage industry products only for the reason that purchase is made from a middleman if it is clear that such middleman is a traditional employer, *e.g.*, a Master Weaver or a Master Cobbler.

Letter No. CS 4-A—Reg.—P-282, dated 17th July 1953, received from the Director General of Supplies and Disposals, Government of India, New Delhi, to the Director of Industries and Commerce in Mysore, Bangalore.

Subject :—Encouraging utilisation of Cottage Industries products in State purchases of stores—registration of Firms/Units engaged in Cottage Industry on the list of 'Approved Contractors' of the Directorate General of Supplies and Disposals, Government of India, New Delhi.

In inviting attention to Government of India, Ministry of Works, Housing and Supply Resolution No. Pur-1. 4(I), dated 20th June 1952, laying down the policy which the General Government propose to follow with a view to developing Cottage Industries by utilising their products for Government requirements, I have the honour to state that the views and comments of the Directors of Industries of the various State Governments on the procedure to be followed in registering Cottage and Small Scale Industries for the purpose of handling Government demands were called for by the Government of India, *vide* Ministry of Commerce and Industry (Cottage Industries Directorate) Letter No. Cot. 62—51, dated 17th June 1952. The replies received in response to the above letter have been duly considered by the Ministries of Commerce and Industry and Works, Housing and Supply in consultation with this Directorate General which is responsible for procurement of all stores required by the Central Government and such

of the State Governments, quasi-public bodies, etc., as desire to effect their purchases through this organisation. It has accordingly been decided that the following procedure shall be followed for the registration of Cottage and Small Scale Industry Units/Firms as 'Approved Contractors' to this Directorate General:—

(*a*) The Cottage and Small Scale Industry units seeking registration with D.G.S. & D. should apply for this purpose on the prescribed form which is obtainable from the Cash Branch of this office on payment of Rs. 5 and such requests should be routed through the State Director of Industries concerned.

(*b*) On receipt of a fee of Rs. 5 a copy of the application form together with necessary enclosures will be sent to the firm/unit for completion and return to this office *through* the State Director of Industries concerned. Firms/Units will be required to submit a copy of their forwarding letter under which they submit their application to the State Director of Industries, to this office along with necessary forms duly completed. On receipt of this intimation this office will request the Inspection Wing of this Directorate General to arrange inspection of the premises/factories of the applicant firms/units in conjunction with the representative of the State Director of Industries and local representative of the Directorate General's Inspectorate concerned. The joint inspection will not be compulsory but will be undertaken where feasible. In the case of firms/units in Jammu and Kashmir State, however, it has been decided that inspection would be arranged by the State Director of Industries as there is no Inspection Unit of this Directorate General anywhere near the area. In cases where joint inspection is not possible the reports received from the State authorities will in the first instance be thoroughly scrutinised in the Inspection Wing of this Directorate General and an Inspector will later on be deputed by the Inspection Wing for joint inspection, if considered necessary.

(*c*) The State Director of Industries will recommend the application only in those cases where, in addition to the firms/units manufacturing capacity, he is fully satisfied about the financial soundness of the firm/unit applying for registration on the list of 'Approved Contractors' of the Directorate General. While forwarding firm's application with his recommendation, he will also certify that the firm's financial standing has been verified and that the firm/unit is found to be financially sound and in a position to undertake manufacture of the stores for which registration is sought, for Government requirements. Wherever possible the Directors of Industries will forward particulars as to the financial position of such firms/units including their capital outlay, bank balance, etc., so as to avoid the possibility of this Directorate General registering firms who subsequently prove to be quite incapable of undertaking contracts and making supplies thereby causing avoidable loss to Government.

(*d*) The Cottage and Small Scale Industry Units and firms will be required to produce 'Income-tax Clearance Certificate' duly countersigned by the Income-Tax Authorities of the area/State concerned.

2. The above procedure will come into force with immediate effect and the same will be reviewed, if necessary, after it has been in force for sometime.
